### PROLOGUE

Appleheart opened her eyes. The world was blurry. The only noise she heard was screaming. Suddenly, her vision focused. Her mate, Greystorm, crying. She sat up,

"Greystorm, what's going on?" The tortoiseshell she-cat asked. Appleheart looked down, near her belly were two kits, one tortoiseshell, the other, dark grey; both covered in blood. \_MY KITS! NO!\_

"NO!" She fell on her mate and cried with him. Greystorm lied right next to the small she-cat.

"I will name the tortoiseshell one, Flowerkit. And the tom can be Beetlekit." Appleheart named her dead kits. \_StarClan, how can you let this happen to me! I will never be able to nurse them or care for them!\_

"Appleheart, one kit survived. You had three kits, not two." The medicine cat, Suntail, mewed sadly. The golden she-cat picked up the new kit and gently dropped it near Appleheart's belly to nurse. She pressed her head to the young warriors'. A tear rolled down Appleheart's cheek. Not a tear of sadness, it's a tear of joy. Joy that her only kit survived.

"I will name you, Pinekit." Appleheart whispered to her sweet kit.
